More Important Information about the Lunch Program

Unless your child is signed up to get milk, you will need to send in a drink on the days your child buys lunch. School Nurse Sarah McCarren suggests you make it a healthy choice of water, 100% juice, or a low calorie sports drink. She also suggests sending in a piece of fruit, salad or some veggies to balance out the pizza day.

There are no changes, cancellations or refunds. Before you sign up for the year, we encourage you to take your child to lunch to see if they like our choices. We will also be providing lunch samples at the ice cream social on September 6th. Once you've made your decision, complete the enclosed order form and return it, with your check, to the school. Checks should be payable to **Benchmark School**. Please do not consolidate your payment with your tuition check!

The deadline for orders is September 23, 2011.

Please Note: The lunch program is not quite a full year program. Delivery begins in October and ends the first week of June. **There will be no lunches served from June 5th to June 15th.** See specific start and end dates above.
